Accounting numbers help in making sound decisions based on real data and not just a hunch. By looking at accounting numbers you may easily see old accounts receivable that need to be collected, for example. Without accounting data, you may not know who owes what and for how long. These numbers are practical and valuable to any business.

Using this accounting book because of my MBA accounting class requires it. If you are not in a class it is not that helpful of a book unless you have an accounting background. My teacher basically told us not to even read the book, focus on the glossary terms and her class presentations. I think this book is being used because of the online homework options that it has.
